3/16/2026

Full tray sales only. Minimum order 500 plants. Quantities listed are available each week (not cumulative counts). All plants include Ag Biochar in the potting mix and are screened for agronomically relevant viruses and viroids. Delivery by 5/14 to avoid phytosanitary inspections and/or pesticide use. Organic production must be requested at time of ordering and is subject to restrictions.

Hops are also available in 72-cell trays and 2-qt pots; or contact us for other formats.
